Custom High-Quality Table Throws

RasterPrint™ Heavy Duty Throw Covers

Printed table covers help your event tables look sharp.

Attract more booth attention with colorful custom tablecloths and throws!

Still one of our best-selling products, RasterPrint™ Throw Covers are the perfect way to cover a table in a large custom or modular booth, or to stand alone as an impromptu center piece in a small booth or temporary space. Manufactured to hang perfectly on your table without bunching on the floor, our rich, machine washable, durable fabrics mean your cover will stay looking new for years to come.

Specifications:

- Finished size: 128" x 64"
- 100% Polyester
- Wrinkle Resistant
- Machine Washable
- Flame Retardant (Meets FR-701 requirements)
- Custom sizes and fitted versions with full graphics available

This Package: \$600.00

Custom High-Quality Table Throws

RasterPrint™ Heavy Duty Throw Covers

Intuitive design process

We have decades of experience and make it simple to design a printed table throw that tie together your event display – all while keeping your logo, business name and branded colors clearly. Choose from our assortment of options to design the right high-quality table throw for your needs. Then add all your custom touches – text, logo and more. After that, we'll take care of the rest, professionally printing and shipping your order. Your custom table throw creation will arrive looking crisp, polished and ready to display.

A fully printed front panel is sewn to any of our stock twill colors (top, back and sides) to create the look of a fully printed throw cover without the expense of printing the entire throw cover.

Make your trade show or event table pop with bright, bold custom tablecloths.

Whether you need a basic table cover, a size adjustable table cover, or a fitted table cover with full graphics, we've got you covered!
